

VAF Air VAF-200C - 250W - Canister Fan

A versatile portable ventilator with just the right amount of power, the VAF-200 is ideally suited for light industrial or utility applications.

A perfect workhorse for small confined spaces, such as manholes and sewers, tank cleaning, construction, and telecommunications. These compact ventilators deliver maximum airflow for a safe, comfortable and controlled work environment. Simply clip on the \*Canister duct and the VAF-200C is ready to perform.

The fan body is manufactured with a twin-wall polythene rotational moulding.

The Blowers should be used in temperatures below 65°C/149°F and the flexible ducting 150°C/302°F

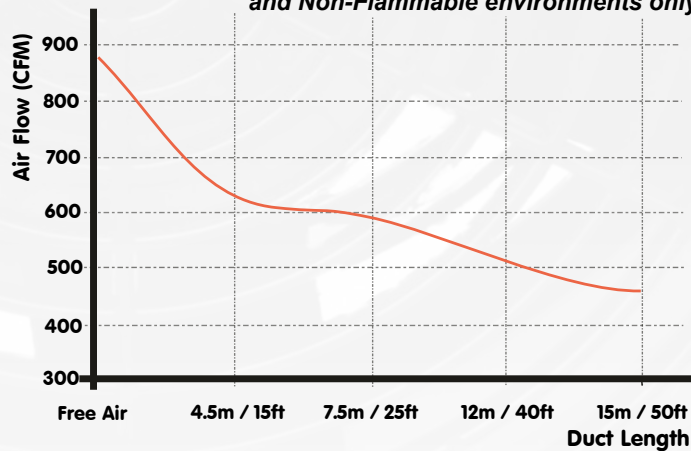

Motor Rating: IP42      Noise Rating: 74dB

	Air Flow Rating	Power	Current	RPM	Duct Dia.	Size	Weight
