

ABTECH SAFETY DAVIT ARM SYSTEM

COUNTERWEIGHT DAVIT ARM SYSTEM

This free standing, portable counterweight system requires no structural fixings or ground anchoring points. It's fully self-supporting, allowing the confined space area to remain free as the counterweight structure is set up to the rear of the main mast. Great in applications where the user needs to be suspended at the edge of a confined space or drop for the entry, rescue and positioning of personnel.

£395 Per Week
