

TECHNICAL DATA SHEET

CONCEPT AIR BATTERY CHARGER

DESCRIPTION

The ConceptAir R23BCLI battery charger has been designed for use with the ConceptAir battery pack (R23BLI). The battery charger is supplied with 4 international plug types – UK, SAA, EU and US.

The battery charger is designed to be used with mains electricity supply 100-240V ac and 50-60Hz.

SPECIFICATION

Product Code	R23BC
Operating Voltage	100 – 240V ac
Weight	130g
Dimensions	H = 42mm x L = 94mm x D = 47mm
Charging Duration	Typically 5 hours (from flat battery)
For use with	ConceptAir Battery Pack

MATERIALS

Battery Charger Casing	ABS + Polycarbonate
Charger Connector	PVC

EUROPEAN STANDARDS

Product Code	Certified to RoHS
R23BCLI	✓

STORAGE AND MAINTENANCE

Storage	The battery charger should be stored in a clean dry atmosphere within the temperature range +5 °C to +55 °C at R.H. < 90% in its original packaging. It should be protected from direct sunlight and any material known to damage plastics, e.g. petrol and solvent vapours. Equipment should be transported in the original packaging. If stored in correct conditions the product has a 5-year shelf life
Lifetime	The battery charger is designed to last the life of the product in use
Cleaning	If cleaning is necessary, wipe the charger with a damp cloth. Keep the electrical contacts dry. Do not immerse the charger in any liquids. The charger may be disinfected if necessary. Ensure the electrical contacts are dry before use.
Disposal	 WEEE: THESE PRODUCTS SHOULD NOT BE DISPOSED OF IN GENERAL MUNICIPAL WASTE 1. The crossed-out wheeled bin symbol, with the solid bar, shown on this product, its packaging or instructions indicates that the product has been manufactured after 13/8/05 and is subject to European Community directive 2002/96/EC, issued 27/1/03, on correct handling of Waste Electronic and Electrical Equipment (WEEE). 2. WEEE cannot be disposed of as municipal waste and must be collected and disposed of separately. Appropriate public or private waste collection systems defined by national and local regulations should be used. 3. The product may contain substances which could harm the environment or human health if disposed of incorrectly.
