

TECHNICAL DATA SHEET

CONCEPT AIR SPARE FACE SEAL (WELDING HEADPIECE)

DESCRIPTION

The ConceptAir R23CAWF Face Seal has been designed to fit the ConceptAir Welding Headpiece. The face seal is designed to provide respiratory protection for the wearer and will also protect the wearer against heat and molten metal splash.

SPECIFICATION

Product Code	R23CAWF
Dimensions	Length 440 mm Width 380 mm
For use with	ConceptAir Welding headpiece

MATERIALS

Face Seal	Proban™
Velcro	Nylon

STORAGE AND MAINTENANCE

Packaging	Supplied in a plastic bag: Dimensions 15 x 20 cm; weight 112g
Storage	The face seal should be stored in a clean dry atmosphere within the temperature range +5 °C to +55 °C at R.H. < 90% in its original packaging. It should be protected from direct sunlight. Equipment should be transported in the original packaging. If stored in correct conditions the product has a 5-year shelf life.
Lifetime	The face seal should be checked regularly and replaced when worn or damaged. Excessive wear and tear can considerably reduce the lifespan of the product.
Cleaning	Clean using damp soft cloth.
Disposal	Depending on where used, dispose of as non-hazardous or hazardous waste.
